PROFESSIONAL SUMMARY

Computer Science student with experience in building web applications using React, JavaScript, HTML/CSS, Tailwind CSS, and Node.js. Experienced in developing user-focused interfaces, integrating frontend components with backend services, and collaborating on technology-driven projects. Interested in creating responsive, accessible, and intuitive digital experiences while continuously improving software development skills.

EDUCATION

Bachelor of Science in Computer Science *Aug 2023 – Present*
Mapúa Malayan Colleges of Mindanao (MMCM)

- President's Lister (Term 2 S.Y. 2024-2025; Term 2 S.Y. 2025-2026; Term 3 S.Y. 2025-2026)
- Dean's Lister (2023-2026)

Science, Technology, Engineering, and Mathematics (STEM) *July 2023*
Davao City National High School (DCNHS)

- Consistent Honor Student

WORK EXPERIENCE

Desktop Support Intern | IT Department *Aug 2026 – October 2026*
ANFLO Management and Investment Corporation (ANFLOCOR)

- Supported daily IT operations by setting up workstations, installing and configuring software, and preparing devices for staff use across departments.
- Diagnosed and resolved hardware and software issues, including printer configuration and connectivity problems, escalating cases that needed further action.
- Maintained equipment inventory records and assisted with documentation to keep asset tracking accurate and current.

TECHNICAL SKILLS

Front-End Development:
React, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, Responsive Web Design

Backend & Database:
Node.js, FastAPI, Python, SQL, MySQL

Design & Development Tools:
Git/GitHub, React, Node.js, FastAPI, AWS, Figma, Canva, AWS, Google Colab

Knowledge Areas:
Computer Systems, Software Development, Artificial Intelligence, Machine Learning, Data Science & Analytics, UI/UX Design

Languages:
English, Filipino, Cebuano

CERTIFICATIONS & TRAININGS

Certifications:

- Microsoft Office Specialist: Excel Associate | Microsoft *Sep 2023*
- IT Specialist: Data Analytics | Certiport / Pearson VUE *Oct 2025*
- AWS Certified AI Practitioner | Amazon Web Services *May 2026*

Trainings:

- Introduction to User Experience Design | Georgia Institute of Technology (Coursera) *May 2025*
- Input and Interaction | University of California San Diego (Coursera) *May 2025*
- Build Wireframes and Low-Fidelity Prototypes | Google (Coursera) *July 2025*

- AWS Academy Graduate – Cloud Foundations | Amazon Web Services *Oct 2025*
- AWS Academy Graduate – Generative AI Foundations | Amazon Web Services *Jan 2026*
- Introduction to Cybersecurity | Cisco Networking Academy *Feb 2026*
- AWS Academy Graduate – Cloud Architecting | Amazon Web Services *May 2026*

NOTABLE PROJECTS

ChatSafe – Cyberbullying Detection System *2025-2026*

Academic Research Project | Mapúa MCM

- Developed a web-based AI application using FastAPI backend services, AWS deployment infrastructure, and frontend components for interacting with machine learning workflows.
- Designed and implemented system features while integrating APIs, managing application flow, and performing testing and debugging throughout development.
- Collaborated on research, system architecture, documentation, and deployment of a full-stack technology solution.

SeGlo-12 – Multimodal Sign-to-Speech Translation System *2025-2026*

International Conference on Science and Technology Engineering (ICSTE 2025) – Accepted Paper (Springer LNEE)

- Led the development of an Android Kotlin application integrating real-time gesture recognition and hardware communication.
- Designed user interaction flows and implemented application features while integrating computer vision and sensor-based inputs.
- Conducted testing, debugging, and system refinement throughout the development lifecycle.

Jolen's Bicycle Supply – Full-Stack Web Application *2024-2025*

Web-Development Project | Mapúa MCM

- Developed a web-based inventory and management system with frontend interfaces focused on usability and efficient navigation.
- Implemented responsive layouts, user interactions, and application features using modern web development practices.
- Integrated frontend components with backend functionality and database operations.

SOFT SKILLS & ACHIEVEMENTS

Soft Skills

- Analytical Problem Solving
- Adaptability
- Resourcefulness
- Attention to Detail
- Collaborative & Team-Oriented
- Strong Project Planning & Execution
- Initiative & Continuous Learning

Achievements

- Cluster I Research Congress 2nd Place for Best Research — *DCNHS, 2023*
- Award for Outstanding Performance in Innovation — *DCNHS, Jul 2023*
